Honours Research Project Talks

This week all MChem and BSc students doing a research project will be giving their oral presentations. With just over 100 students the talks have extended for the first time into a 4th day. The programme for the three parallel sessions is shown below and all interested readers are encouraged to attend as many sessions as possible and support our project students.

RAA

Physical Chemistry Talks

Chemistry Lecture Theatre C
Monday 6th March [9.00 – 10.40 am]
Chemistry Lecture Theatre D
Monday 6th March [11.00 – 1.00 pm]
Chemistry Lecture Theatre C
Monday 6th March [2.00 – 4.00 pm]
Maths Lecture Theatre D
Tuesday 7th March [2.00 – 5.00 pm]
Chemistry Lecture Theatre A
Wednesday 8th March [2.00 – 5.00 pm]

Inorganic Chemistry Talks

Maths Lecture Theatre A
Monday 6th March [2.00 – 5.00 pm]
Chemistry Lecture Theatre C
Tuesday 7th March [9.00 am – 12.40 pm]
Chemistry Lecture Theatre C
Tuesday 7th March [2.00 – 3.00 pm]
Chemistry Lecture Theatre D
Wednesday 8th March [2.00 – 5.00 pm]

Organic Chemistry Talks

Physics Lecture Theatre B
Monday 6th March [2.00 – 5.00 pm]
Chemistry Lecture Theatre D
Tuesday 7th March [9.00 am – 1.00 pm]
Chemistry Lecture Theatre D
Tuesday 7th March [2.00 – 5.00 pm]
Chemistry Lecture Theatre C
Wednesday 8th March [9.00 – 11.00 am]
BMS Lecture Theatre
Wednesday 8th March [2.00 – 5.00 pm]
Chemistry Lecture Theatre A
Thursday 9th March [3.00 – 4.00 pm]

School of Chemistry Colloquia

EaStCHEM Colloquium
Wednesday 8th March, 3.30 pm, Lecture Theatre C
Dr Andrew Marr (Queen’s University, Belfast) - Green Catalysis, Searching for the Perfect Combination

BSRC Seminar
Wednesday, 8th March, 1.00 pm, BMS Seminar Room
Professor Nigel Richards (Cardiff) - Inhibiting asparagine biosynthesis in human cells: A new approach to developing anti-cancer agents

Graduating Students with Staff

Class Photograph

For the attention of Academic Staff,
4th + 5th Year Graduating Students 2017

Monday, 6th March

Please note, the School of Chemistry Graduating Class Photograph 2017 with Academic Staff will be taken today at 1.15 pm outside the Purdie Building, Level 2 entrance.

Graduating Students/Staff Project Talk Lunch

Common Room Restricted Access

Tuesday, 7th March

Please note, there will be restricted access to the common room from 1.00-1.50 pm on Tuesday 6th March to allow the Honours Project Students, Staff and External Examiner space to attend and enjoy their lunch between project presentations.

Apologies for any inconvenience this may cause.

EH
Jonathan Colburn obtained a BSc in biochemistry at the University of York followed by an MRes in chemical biology at Imperial College London. He has now started PhD work with MBü and is interested in travel and games.

Xuepeng Yang comes from China and obtained a PhD in biochemistry at the East China University of Science and Technology. He has carried out postdoctoral work at Auburn University, Alabama, and is now spending a year as an academic visitor with JHN.
