Annual Safety Talk

This will be held at 3.00 pm on Friday, 29th September in Lecture Theatre A. All new researchers who have joined the School since last September, and have not so far attended such a talk, are required to attend, as are any honours project students who missed the earlier talk on 15th September. Those attending the talk may find it useful to look in advance at the School Safety Handbook, which is available online at:

RAA
School Safety Coordinator

School of Chemistry Colloquium

EaStCHEM Colloquium
Thursday 28th, 4.00 pm, Lecture Theatre C
[note change of usual time]
Prof Pat Woodward (Ohio) – Investigations of halide perovskites for optoelectronic applications: Tuning properties and searching for environmentally benign alternatives

External Colloquia

Inaugural Lecture
Wednesday 27th, 5.15 pm, School III, Old Quadrangle
Professor Malinda Carpenter (School of Psychology and Neuroscience)
The lecture will be followed by a reception in Lower College Hall.

All are welcome to attend.

Explorathon '17 St Andrews

Friday 29th, 5.00 pm onwards, Byre Theatre and MUSA
"An extravaganza of shows, talks, family activities, comedy and discovery”

Full programme available at:
